Our Mission...Ohio State Alumni Clubs exist to promote our university... through communications and community relations; through student recruitment; through fellowship and networking.

Game Day Location Change

Old Chicago at 11721 Metcalf Avenue (Northeast of the 119th & Metcalf intersection)

The Club's decision to move to a new game day watching location was a VERY difficult one to make and not due to any specific incident, complaint, or issue. The board has considered moving to a new location over the last couple of years based upon feedback received from Club members and due to the growing size of our organization.

Though Mike has treated us very well and contributed financially to the Club over the years, there were some considerations that were beyond his ability to resolve. One of our biggest considerations was the need for a larger facility with the capacity to comfortably seat our growing organization, with an overall family friendly atmosphere, as well as to accommodate even our youngest Buckeye fans.

These types of decisions are never easy for any of us, but it is the board's responsibility to consider the best interests of the Club as a whole. Based on the responses received from our membership so far, we feel as though we have addressed concerns, and we look forward to the start of a new tradition and continuous growth of our membership.
